## FROM THE EDITOR...

We have been fortunate this month in obtaining a copy of the Parish Magazine for August 1925 which is reproduced on the cover of this issue. It was found at the bottom of a sewing box that had been inherited by Hazel Bowyer who has lived in the village all her life, and was kept because it announced the marriage of her Aunt Margaret at St Michael's Church on June 27th 1925. (that page of the magazine was reproduced in our August issue). Our grateful thanks to Hazel for unearthing this treasure for us! Which brings me to muse on all the water that has flowed under Britain's bridge in that span of 95 years. Here's a few that you might recall! Of course, I have missed a few important events out but we don't have the space for everything, and you may well have prioritised other things. Whilst it's not good to dwell on the past too much it is a good place to learn. And maybe to speculate on what might lie ahead. Would dear old Aunt Margaret have even dreamt of the internet, even of TV which was only just around the corner. And having survived the First World War - "the war to end all wars" would she have, in 1925, contemplated the Second? Or the nuclear bomb? Travelling to Spain or the Caribbean for a week's holiday? Would the flu pandemic of 1918 which infected a third of the world's population, have alerted her to the fact that there might be another one in the future with all the medical advances made in the interim?

Whilst we have taken huge strides in technology, we don't seem to have mastered the art of living together without squabbling or grandstanding or trying to force our ideology on others. We seem to be doers rather than be-ers, and whilst doing things is necessary and part of our DNA (only discovered in 1953), we should step back a bit and think more. It might be more convenient for a handful of people to get from London to Birmingham in less than an hour, (excluding the hassle and time involved in getting to and from the termini), but will it make us any happier as a nation? Did High Speed Concorde, which was scrapped after 14 years, make us better people?

I'm not knocking progress, I'm all for it, but we do need to take a look and see if we are progressing in the right direction! As a result of the pandemic, we are learning to do things in a different way, some good, some not so good; let's take the good ones forward.

Common sense is not much in evidence these days, it's all algorithms and shiny new toys. Let's not chuck them out of the pram, but maybe reconsider how to use them in a more people friendly way, as we get back "to normal", whatever that is! It's no good blaming the government if things don't go right, they are only representative of us. It's down to you. Really.

Whatever you do or wherever you are, we thank you for your support for us during the lockdown, We have worked hard to get your favourite magazine out to you in all of this and it is comforting to know that copies have been flying off the shelves in the last few months. And that was down to you!

## THE MINISTER'S MESSAGE

### GETTING BACK TO NORMAL?

Like much of the rest of society, over these last few months our two churches have been gradually reopening and tentatively beginning Sunday worship and other activities. We've taken baby steps in this process; produced and revised protocols; and inched our way back to now offering 3 services per Sunday in September (That's our informal, lively, family

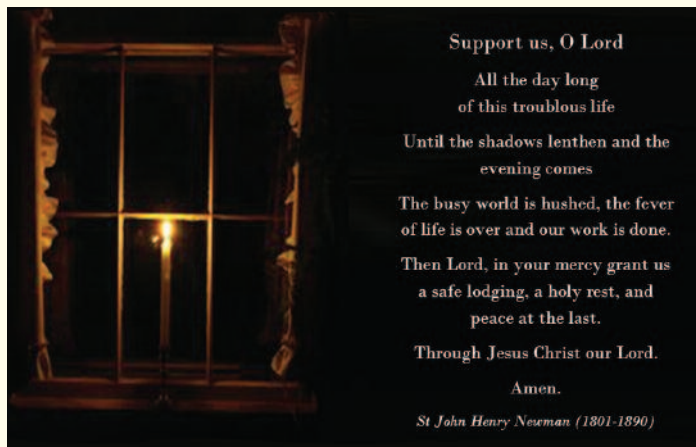

friendly service at St Michael's 9:15am, our community focused morning worship at All Souls at 10:30am and at 10:45am, a second service at St Michael's with our traditional, reflective, book of common prayer services).

It almost feels like getting back to normal and if you close your eyes or squint a little, deliberately choose to forget the last 5 months, and pretend like you've worn a face covering all your life – you might just kid yourself. For of course, the truth is, our common life whether at church, at work, at school or out and about, is far from being back to normal. It would seem unwise to pretend that it is.

After a couple of months of lockdown we used to hear quite a bit about 'the new normal' as we guessed or imagined what that might be. That phrase is no longer heard as often and I wonder if that's because we know 'normal' isn't here to stay. There may be a few things that remain fairly constant – solid relationships, the natural world (we hope) and our bricks and mortar – but as those who've had to reopen businesses, schools, churches, pubs and playgrounds or just negotiate regular interactions can testify, the guidance shifts, the procedures are tweaked, and just when you think you're steady (and ready for that holiday), something else hits. To help us negotiate change and to manage the ever spinning, topsy turvy world we now live in, I have found great strength in being reminded that God hasn't changed. He really hasn't. He loves us just as he always has. He is there to guide, listen, challenge and help us, just as he always has been. With him there is no need to run from the past for it can be healed and forgiven, likewise there is no need to fear the future for it is safe in his hands and even though church might look or feel different – we proclaim week by week, moment by moment that *'Jesus Christ is the same, yesterday, today and forever'* (Heb 13:8).

There is a prayer I often use at funeral services which speaks to this theme. I offer it to you today as a help in the changing tides of this world, and I pray that you may be so aware of God's presence with you that whatever change comes your way you may know His steadfastness love and your security in Him.

With love and prayer,

Support us, O Lord

All the day long  
of this troublous life

Until the shadows lenthen and the  
evening comes

The busy world is hushed, the fever  
of life is over and our work is done.

Then Lord, in your mercy grant us  
a safe lodging, a holy rest, and  
peace at the last.

Through Jesus Christ our Lord.

Amen.

*St John Henry Newman (1801-1890)*

## SUNDAY WORSHIP IN THE PARISH SEPTEMBER

It was wonderful to have you all back to worship in church last month. From September we are planning a more 'normal' pattern of worship. As we ease our way back into church there are a few amendments we have had to make to services: Face coverings must be worn inside the church building please; with no singing and no refreshments offered at the end of services, as per the guidelines set out to us. We will also be adhering to social distancing rules. We thank you for your understanding.

**9:15 THE FAMILY SERVICE** every Sunday at St Michael's Church. Our informal, child friendly, 30 minute family service. We still act out stories from the Bible and pray together for our villages and the world.

## OBITUARY

# Sue Evans

*On Thursday 18th June 2020, Sue passed away peacefully at The Thames Hospice in Windsor, surrounded by her husband Nick, daughters Sian and Ceri and her sister Mary. She had been undergoing treatment for bowel cancer since February 2014 and those who knew her were inspired by her faith and the way she managed her illness. She never let it interfere with her tireless work in the community, her love of travelling and her beloved family and friends.*

Sue was at the heart of Ascot and Cheapside life, always striving to bring people together. Just some of the many ways in which she involved herself tirelessly in supporting the local community were as Brown Owl, Parent Governor at Charters School, Cheapside Village Hall Chair, Village Quiz Master extraordinaire, organiser of the Cheapside Community Big Lunch... and not forgetting fundraising to improve facilities at the local play park in Hilltop Close and campaigning for free school bus places for students from Cheapside.

She was also a Trustee with a number of Berkshire-based charities, including *East to West* (a young people's charity based in schools and the community) and *My Cancer My Choices*, which provides free complementary therapies to cancer patients.

Sue's main hobbies and interests included travelling, walking and enjoying good food. In 2016, shortly after completing one of the chemotherapy treatments, she and I completed the Camino de Santiago pilgrimage for charity, which is a 500-mile unsupported walk from France to the city of Santiago in North West Spain.

Sue was born as a twin on 14th June 1963 in Leamington Spa to Geoffrey, an officer in the Royal Engineers and Marion Hawkins and, as one of seven siblings, spent her early years in Africa and the Far East. Sue and two of her sisters attended Our Lady of Peace Convent boarding school in Abingdon.

At the age of 16, she joined the Thames Valley Police cadets and two years later graduated as a constable, being posted to the Slough Police Area.

There, she undertook a number of specialist detective roles including the Force Drug Team, CID and Domestic Abuse investigation unit. Sue completed her distinguished career as a CID Trainer at The Thames Valley Police Training School.

Our daughters Sian and Ceri and granddaughter Macey and I wish to say a heartfelt 'thank you' for all the loving support and messages from the community. We will all miss Sue and are so blessed to have had her in our lives.

## THANK YOU FOR THE MUSIC

As we head into September, we bid a fond farewell to our Director of Music at St Michael's, James Bryant. James has only been with us a year but has been a real blessing to us at St Michael's. Leading the music across both our informal family service and traditional services, as well as directing the choir, he has been a pleasure to work with and a worshipful spirit at the heart of our Sunday services. James' year with us has probably been one of the more dramatic, what with the early arrival of Matthew Johnson and my extended period of compassionate leave over Christmas, and then not long after into lockdown, but I would like to pay tribute to James' unflappable nature and determination to always give of his best.

We are also saying farewell to Andy Smith who has played the guitar at our family service, week in, week out for approximately 9 years. As well as the music, Andy helped us trial a Sunday evening service during this time, as well as update our sound system, sort out a video live link for the carol service and brought us other technical bits of wizardry over the years. Andy is going to worship locally elsewhere

and we wish him every blessing in his ongoing journey of faith. Our local Christian congregations, (Anglican, Baptist, Catholic etc) are all part of the same team, offering different ways of worship that suit people at different times of life, and it has been a great pleasure worshipping with Andy at St Michael's during his time with us.

Whilst we are sad to be saying goodbye, we are also now looking forward to welcoming a new Director of Music, Camilla Jarrot (left), to St Michael's in November. Camilla is a vastly experienced organist and choir director with a wealth of enthusiasm and a passion for music making in Sunninghill. She will be leading the music across both services at St Michael's and we will be introducing her further, in due course. Should you be thinking about dusting off an old instrument, joining a band, singing in a choir or making music of any kind then look out for her arrival later this Autumn.

Please do pray for James, Andy and Camilla, thanking God for their music making and asking for his guidance as they leave us or prepare to join us.

*Stephen*

## IN MEMORY

Jesus said, 'Blessed are those who mourn, for they will be comforted (Matthew 5:4)', but for many of us this has been the strangest time, the most alien and unusual time to grieve. We may have lost loved ones, or watched others go through the grieving process but had to stand at a distance, apart and separate.

During the last 4 months the rules on funerals, who can attend and how, have been changing fairly regularly. As I write this, 16th August, we're allowed up to 30 people in church for a funeral with a much more limited number (close family only) at the graveside. Each crematorium has their own number limits and their own systems, as do the funeral directors. We've all been working closely together as we've navigated the changes and the way we help people grieve.

One of the most poignant funerals for me in this period was my second. At that stage, it was a short service at the graveside only for no more than 6 people, and so we gathered, in the pouring rain, at the corners of the grave. Family members shared some memories. We listened to a hymn, played from someone's phone and as the tears rolled, no one felt allowed to give each other a hug. Distance was maintained, but grief still shared.

Having supported families through these early lockdown deaths (actually very few from Covid-19), the joy of having 30 in a church building was palpable last week. Restrictions on singing notwithstanding, there was joy in the air as we listened to music of hope and love, heard memories of a life well lived and stories of faith for the future.

Every funeral is different, every circumstance and life unique, but in the

magazine we wanted to pay tribute to those who have died during this pandemic, of whatever cause. This list below are those we know about, but you may also have people you are remembering – please add them in your mind to the list below.

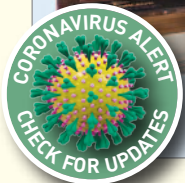

And as you remember, and as you grieve, remember those words of Jesus:

*"Blessed are those who mourn, for they will be comforted."*

May you know his comfort and his peace in your heart and soul today.

## IMPORTANT ADVICE FROM RBWM TRADING STANDARDS

### PETFISHED - WHO IS THE PERSON BEHIND THE PET?

You may have heard of 'Catfishing', where a stranger creates a fictional online persona to lure someone into a relationship.

Deceitful pet sellers use a similar tactic to 'Petfish' unsuspecting buyers. These unscrupulous sellers pretend that the puppy or kitten they have offered to sell comes from a happy home.

In reality, the animal may have been specifically bred or kept in poor conditions, or it may be a scam and the animal may not even really exist - a fake sale.

Lockdown may feel like the perfect time to buy a pet and has seen an increase in demand which has led to massively increased prices and long waiting lists from reputable breeders... So people are turning to other means which require caution.

Between March and April, 69 pet buyers

lost a combined total of £282,686 after paying deposits for pets they'd seen advertised online (source: Action Fraud).

#### HOW IT WORKS

- Often the pedigree animals have been seen on sites such as Gumtree or Pets4Homes.
- To lend credibility and entice

buyers there will be some email communication and stock photographs of cats or dogs provided.

- A large deposit is normally requested by bank transfer; sometimes additional costs for 'vaccination', 'transport cages', 'vet fees' or 'delivery' were also paid.
- After being persuaded to pay the balance, the consumer turns up to collect the animal but then discovers it is a false address - the actual resident being unaware their address was falsely being used in advertisements.

\*at the time of publication

Between May and June this year regionally there has been a 33% increase in complaints about buying puppies and kittens. It is common that when an animal is purchased in the way described above it becomes seriously ill within weeks of purchase which in some cases proves fatal - heart failure or diseases such as parvovirus have been reported.

In April 2020 Lucy's Law came in to force in order to ban third party or 'middle-man' sellers. This law means that all puppies and kittens under six months must now be bought direct from the breeder, or from a reputable rescue organisation. Licensed dog breeders are required to show puppies interacting with their mothers in their place of birth. If a business sells puppies or kittens without a licence, they could receive an unlimited fine or be sent to prison for up to six months.

The law is named after Lucy, a Cavalier King Charles Spaniel who was rescued from a puppy farm where she was subjected to terrible conditions. Lucy became the symbol and mascot of anti-puppy-farm campaigning. She died in December 2016, and Lucy's Law is named in her honour. Campaigners and charities fed into work by an all-party group of MPs called "APDAWG" to make these important legal changes. Unfortunately, this is not the end as we are also continuing to see the illegal importation of animals from abroad. Unscrupulous dealers are bringing in very young animals, often without the correct vaccinations, such as rabies; with missing or forged pet passports. These animals have been separated from their mothers before they are ready and are made to travel long distances, so likely to develop major health problems at a later date.

### TOP TIPS

- Always consider using a registered charity to rescue a pet and give them a new home.
- Research the breeder online. Be very wary if they are advertising many litters of different breeds. Copy and paste the seller's phone number into a search engine. If the number is being used on lots of different adverts, on various sites, this is another red flag.
- Remember that puppies and kittens should never be sold under eight weeks old (for imported animals this will be at least 15 weeks).
- Ask the breeder lots of questions, visit the

animal multiple times and ask to see paperwork (licensing, health checks, vaccination records etc).

- Keep payments recorded and traceable.
- Ask to see the pup with the mum and watch the interaction with the litter.
- Never pay cash and if anything concerns you then don't hand over any money or buy the pet, walk away and contact Trading

Standards or the Police. (0808 223 1133/101)

## CHEAPSIDE C of E PRIMARY SCHOOL

Here at Cheapside School, we are very much looking forward to welcoming all of our children back at the beginning of September. The new guidance from the government means that, as things currently stand, we are able to expand our 'bubbles' from 15 to 30 thereby enabling each class to be in school at the same time, every day.

Initially, there will be a few changes such as staggering our start and end times and also our break and lunch times. However, the last few months have shown us that we can rise to a challenge and we have found many positives in these changes: the staggered start helps to create a smooth and calm entry into school each day, helping to avoid bottlenecks both at the entrance to the school and also on the roads and environment around the school; the children who were with us in the Summer Term really enjoyed having their own 'bespoke' playtimes, and so we will be building on these successes.

Most importantly, we are looking forward to working together with parents and children to help the children find their feet

both in terms of their well-being and re-connecting with their friends and school learning after this extended period of time away from school.

Finally, we can't wait to welcome the children who will be joining us for the first time in Reception, as they take this initial and most important step in their school journey.

## THE MARIST SCHOOL

The Marist School, Sunninghill, marks another year of outstanding A Level results with 55% of grades achieved at A\*-A and 80% A\*-B. 30% of students achieved straight A\*-A grades.

Our growing, yet still personal Sixth Form, offers young women a wide range of subjects to study at A Level from Psychology and Business Studies to Government & Politics and Photography. Across the 24 subjects offered at A Level, all subjects performed exceptionally well with top results achieved in Maths and English Literature alongside 100% A\*-A grades in Economics and 100% A-B grades in Philosophy & Ethics.

Exceptional grades were also achieved for the Extended Project Qualification (EPQ) with 100% A\*-A grades.

Mrs Jo Smith, Principal of The Marist School said,

*"After such an unprecedented year, when the traditional rite of passage provided by examinations didn't happen, our students were unsure of what to expect. Despite the circumstances, this year's A Level results are once again outstanding, continuing The Marist's tradition of excellence in progress and achievement.*

*Students have all worked so hard over*

*the past two years to achieve their goals; even as we entered lockdown, the girls' commitment to learning was excellent and their determination to succeed remained constant. During the latter part of the summer term, students participated in a University Bridging Programme linked to their degree choice in order to prepare them for university life.*

*This year's Year 13 cohort are incredibly determined, committed and hardworking young women who are ready to move on to the next stage of their lives. They thoroughly deserve their outstanding grades and I am extremely proud of each and every one of them."*

The Marist School, Sunninghill, is a Catholic independent day school for girls aged 3-18 years. From September 2020, we will be accepting boys from 2½ as well as girls into our school nursery. For more information, please visit [www.themarist.com](http://www.themarist.com)

### SCAMS & FRAUDS

Since the Pandemic, scams and frauds have been increasing, as more people are based at home:

Scam letters are arriving from China – they say – someone with a name similar to yours has died, leaving a large amount of money and you, may be entitled to a share of the estate. The letter goes on to request that the recipient email the letter sender, with their full personal details including bank account details, for a transfer of the money - If you get one these - BIN IT!

The old - 'I am crying as I write this message as I have been robbed and have no money to pay for my hotel, or to get home'; ... is back, as people start to travel. In one case, a friend received a 'Snapchat' message from someone they knew well - saying the above, so they sent them £80. They then got another message, asking for

an additional £200! They then became suspicious and made some enquiries. Their friend's computer had been hacked and this message had been sent to everyone, in their personal address book ! If you get one of these - BIN IT!

Phone calls - the old Windows / Microsoft / BT scam - 'Your computer is running slowly / been hacked and may have malware'. In one case they called twice due to connection problems, once it was a man and on the second occasion, a woman. ANYTHING LIKE THIS - JUST PUT THE PHONE DOWN.

If anyone phones you trying to sell high interest investments accounts / sure fire deal on shares - PUT THE PHONE DOWN

## THANK YOU FROM EVERYONE AT ASCOT FARMERS' MARKET

The COVID-19 pandemic has been a frightening time for our members. On Monday 23rd March 2020, we found ourselves at a very difficult crossroads. After much deliberation and with guidance from RBWM Trading Standards and forming an operations/logistics team for each market with volunteer members, we pushed through a Safe & Social Distancing Protocol to satisfy the authorities and our landlords. We were so relieved that we were then given approval to continue to trade at most of our sites and crucially and most importantly we helped to keep our members in business and therefore protect their livelihoods.

Our special thanks must go to Rob Abell at RBWM. A huge thank you to our lovely, loyal customers who have continued to support us throughout lockdown and over the years, and to our new customers. We are also very grateful to Ascot Racecourse for allowing us to remain in Car Park 3.

As an organisation, Thames Valley Farmers' Market Co-operative has a traditional farmers' market ethos, with sustainability and traceability of produce at the core of our business. We provide a platform to help farmers and a wide variety of producers present their wares for sale directly to customers, and for up to 100 selected members our markets are their shopfronts and a place to sell what they grow, rear, process and create themselves.

Ascot Farmers' Market is one of 15 markets, along with our smaller sister market in Windsor, that are operated each month by TVFMC. Established in 2002, and attended by up to 28 of our member traders, our Ascot market is held on the 3rd Sunday between 9am - 1pm in Car Park 3, at the Grandstand end of the high street opposite the Ascot Durning Library.

- 13 September
- 18 October
- 15 November
- 20 December

\* Please note date change for September

Here you will find high welfare meat and fish, seasonal fruit & veg and fruit juice, free range eggs, quality cheeses, freshly baked bread, cakes, savouries and hot food, local honey, international cuisine, local tipples and artisan craft.

Please continue to support us at one of the market days listed this autumn and enjoy a more relaxed shopping experience in the open air, buying fresh, local produce directly from our members – no middlemen.

The main health benefit of locally grown food is that it's fresher. Fruit and vegetables begin to lose their nutrients within 24 hours of being picked, so fresher produce is more nutritious. Fruit and vegetables bought in a supermarket are harvested before they are fully ripe so they can make the journey to supermarket shelves without rotting. Buying produce from the farmers' market means less food miles and you can meet the local farmers and producers. A warm welcome always awaits our visitors. **Help us to help our farmers and producers continue to thrive.** If you would like to find out more about our organisation and our members, please visit [www.tvfm.org.uk](http://www.tvfm.org.uk)

Don't forget our FLYER SERVICE. For only £100 per month, you will reach nearly 4,000 homes and businesses

## SUNNINGHILL'S ELECTRICIAN GETS SHOCK OF HIS LIFE

Dilwyn Jones is usually happy mending a fuse, when your lights are gone. His company, G Force Ascot, features elsewhere in this magazine. You may also have noticed he is a little bit funny and regularly wins the caption competition.

However, this year he has swapped puns for runs and was 'shocked' to find he had been chosen from almost half a million people to run the 40th edition of the London Marathon. Sadly the event in London, rescheduled for the 4th October, is now limited to a few elite runners so he and thousands of others will be attempting to complete 26.2 miles on the same day, locally. Look out for him on the streets of Sunninghill, Ascot and Windsor. Socially distanced joggers, walkers cyclists are welcome to join him for sections around the local streets and footpaths. Or perhaps around the racecourse and through Windsor Great Park to the castle and River Thames and back.

**Please contact Dilwyn to find out approximate times/route.**

As if 26.2 miles isn't enough of a challenge, Dilwyn has decided to run in a costume based on his own Wurlitzer jukebox and love of rock'n'roll music. He has set up a dedicated website [www.jukeboxrunner.co.uk](http://www.jukeboxrunner.co.uk) to raise money for the UK's

only charity solely dedicated to Crohn's Disease, which affects about one in every 650 people in the UK.

So while Dilwyn may not be born to run, he will get ready and keep on running through the streets and be proud to be a hero - just for one day!

If you recognised thirteen song titles/lyrics from his 'Jukebox Music' you are a match for the human jukebox and you could be dancin' in the

street. He's offering one winner a free lighting survey and a long-life LED lamp. To be in with a chance of winning, just email the title of the song by Kylie that is 'hidden' in this piece to [info@gforceascot.co.uk](mailto:info@gforceascot.co.uk)

He's also attempting to complete 874 miles running in the next 12 months, which is the equivalent of Land's End to John O'Groats, known as 'LEJOG', also to raise funds for Crohn's Disease - details on his website.

### ASCOT VOLUNTEER BUREAU

AVB are a South Ascot based charity providing transport for the older residents of Ascot, Sunningdale and Sunninghill who have difficulty getting to their medical appointments at, for example, hospitals, surgeries, dentists and opticians.

**Driver Volunteers** can donate as much or as little time as they wish, only accepting jobs which are convenient for them. Our clients pay the driver a contribution towards the running cost of his/her car. This is currently 50p per mile or £5 flat rate for local journeys.

**Office Volunteers** The AVB office in South Ascot Church Hall is open every weekday between 10am and 12noon, to take calls and pick up messages from clients requiring transport. Each call is logged and drivers contacted to find someone able to do the job.

- If you need transport or if you would like to find out more about becoming a volunteer, please contact AVB on 01344 625520
